Review: Book is divided into three chapters. Chapter I deals with the spirit of the regulation. Chapter II, consisting of seven articles, describes the content of the law, i.e., the differences between current regulations and the old company laws; and the seven types of privately operated enterprises, such as stock companies, partnerships, etc. Also discusses types of management, government approval and registration, relationship of private business with the public and government, relationships of labor and management, disposal of profits, and the jurisdiction of the regulations. Chapter III contains questions and answers on the regulations.

Appendix includes: (1) Provisional Regulations Governing Privately Operated Enterprises (full text) (2) method of carrying out the regulations; (3) directive of the Committee of Finance and Economics of 30 March 1951 on the registration of privately operated enterprises; and (4) supplementary directives of the Government Administration Council.
